Pre-Contractual Data Information: Connected Product (EU Data Act)

Product	FLK-SMFT-1000/KIT
Firmware / HW	All versions
Connectivity / Interfaces	BLE / USB
Contact	privacypolicy@fluke.com

1) Product data

- **Physical measurements:** Voltage, current, power, resistance, visual inspection, polarity, IV curve, irradiance, temperature, inclination, compass
- **Device identifiers:** model, serial no.

Estimated volume (typical): Varies depending on the size of data transfer for a project. A small project is ~50kB

Collection Frequency: on-event

For general operational guidance, please refer to the product's user manual.

2) Data formats

- Stored in a proprietary format on-device. Can be exported in standard formats using the Fluke Data Downloader

3) Storage & retention

- **On-device storage:** Yes, buffer depth 1000 records
- **Cloud / servers:** No
- **Deletion/anonymisation:** User can delete the data. The retention is in the user's control.

4) User access, export & erase

- Users will need to install Fluke TruTest. The Sample Database feature will allow users to export reports. Users can use the Sample Database mode without purchasing the license.
- To get structured CSV data, users can use the Fluke Data Downloader after transferring a project from SMFT-1000 to TruTest. Detailed instructions are available in-app.
- **Format:** CSV

5) Data Sharing with Third Parties

To the extent Fluke has access to the relevant data, you may authorize a third party to access such data by contacting Fluke using the details set out above, specifying the recipient and purpose of the data sharing. You may view and revoke authorized data transfers at any time via the same contact details.

Where data is stored locally on your device or within your own environment and is not accessible to Fluke, you are responsible for granting third-party access directly.

6) Terms of service, contract term & termination

As provided in the quote, order form, or agreement between you and Fluke. If you purchased the product through a distributor or reseller, the terms of service, contract term and termination are as agreed between you and that seller.

7) How Data Holder uses the data

If Fluke has access to any data generated through your use of a Fluke connected product or related service, this will be used in accordance with the applicable agreement between you and Fluke, through which you purchase Fluke's products or services. The relevant Fluke entity details will be specified in the quote or order form as applicable.

Fluke may engage third parties to act as service providers and perform certain tasks on its behalf, such as processing or storing data generated in connection with your use of a Fluke connected product or related service. For more information, please visit **https://www.fluke.com/en-us/fluke/privacy-policy**

8) Trade secrets

No trade secrets are contained in the data.

9) Right to lodge a complaint

If you have a complaint relating to your Fluke connected product or related service, or the Data Act in general, you can contact Fluke using the details set out above. You also have the right to lodge a complaint with the relevant competent authority designated under Article 37 of the EU Data Act, in the Member State of your habitual residence, place of work or establishment.
